Why not create and download a timetable for your own personal journey at **www.londonmidland.com**? It's quick and easy to do and even includes short-notice alterations.

# engineering works

Maintenance work on the track and signals normally takes place overnight and at weekends. Planned timetable alterations can be found on our website and on station posters at least two weeks in advance, but it's worth double-checking before travelling.

# bank holidays

We will be running amended timetables over Christmas, Easter and the early May bank holiday. Details will be available on our website and on posters at stations.

# getting assistance at the station

Call us on 0800 092 4260 if you need some help getting on or off the trains and we'll make the necessary arrangements. Please give at least 24 hours notice if possible.

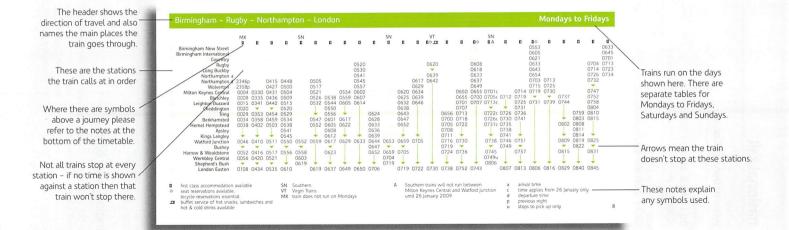

# bringing your bike

Bikes are welcome on board our trains, but please be extra careful when it's busy. On weekdays, only folding bikes are allowed on trains arriving at London Euston between 0700–1000, and departing between 1600–1900. Unfortunately we cannot carry three–wheelers and tandems at any time.

# how to read our timetables

Each timetable lists departure times from the stations that make up that route. This sample timetable shows you what to look for when planning your journey.

To find your train time, simply choose the timetable for the day you plan to travel, find the station you're leaving from, and look along that row for available times.
